

TEMPLATE FOR NGOS AND SCHOOLS · GDPR

Consent for photos and video of minors

A consent form parents sign before a child appears in photos or videos from a project. Clear, with separate options and the rights explained in plain language. Also available as an editable Word file — useful for international youth exchanges.

For: NGOs, schools, youth clubs

Legal basis: Regulation (EU) 2016/679

Format: PDF + editable Word

Time to fill in: 10 minutes

How to use it

- 1 Fill in the organisation's details** — its name, the project, the funder, how long images are kept and the contact address — before handing it to parents.
- 2 The tick boxes are separate on purpose.** A parent may agree to photos in the funder's report but not on social media. Respect each box.
- 3 Keep a named list** of the consents received and each family's choices. The photographer and the communications lead check it before anything is published.
- 4 No consent, no image.** A child without consent is photographed from behind or kept out of the frame — not blurred afterwards.
- 5 From age 14**, it's good practice for the young person to sign alongside the parent: it's their image.

Not legal advice

The template covers typical situations in educational projects. For commercial filming, paid campaigns or sensitive data (health, ethnicity), ask a lawyer or your data protection officer. National rules on the age of consent and image rights differ between EU countries.
